

# Fun & Learning for You and your Puppy

Every day your puppy is learning new things. We can help him learn the right things at the right time.

## Why all puppies should go to school:

Early puppyhood is an important time for socialization and learning. There are critical developmental deadlines that must be met before your puppy is 5 months old for him to reach his full potential and for you to have a dog with a more reliable temperament for the rest of his life. This is truly a once-in-your-puppy's-lifetime opportunity to show your puppy how to confidently relate to other puppies, unfamiliar people, and strange sights, sounds, and events. It's never too early to start training your puppy and helping him grow into an attentive, happy, and confident lifetime member of your family!

## Lucky Dog puppy classes are fun and informative:

- Gentle, positive, reward-based training
- Careful and critically important socialization of your puppy with other dogs and people
- Your pup will learn bite inhibition (develop a soft mouth)- crucial to your puppy's education
- Your puppy will learn to accept gentle handling
- Lots of supervised play with other puppies- - vital to future interactions with other dogs
- You will teach your puppy basic manners such as: Sit, Down, Stay, Come and Leave it
- Learn how to handle common puppy issues such as housebreaking, chewing, jumping, and biting.
- **Get the tools you and your puppy need to build a happy & successful relationship**
